1. Dimensions vary by per configuration. 2. Weight varies by per configuration. 3. Power requirements are based on the country/region where the printer is sold. It does not convert operating voltages. This will damage the printer and void the product warranty. Wireless performance is dependent upon environmental and obstructions from the access point. Wireless operations are compatible with 2.4 GHz routers only, excludes wireless direct. Wireless direct may require driver or app to be installed and connected on wireless-enabled mobile device or PC. Wireless functionality may vary by computer and mobile operating systems, see hp.com/go/wireless. HP will require: account registration, HP Print-Enabled printer, Internet connection, and a wireless-enabled mobile device or Internet-connected computer with email capability. Separate purchased databases or usage fees may apply. Print times and connection speeds vary. AirPrint supports OS X Lion, OS X Mountain Lion and the following mobile devices running OS 4.2 or later. All times are running on “average” settings; optional HP JetAdvantage Security Manager. "Other” settings: After first print or after first ISO test pages.
