LaserJet Enterprise P3010 Printer Series
P3015n • P3015dn • P3015x

This reliable, high-performance, networked laser printer is ideal for businesses that need to print high volumes and confidential documents on a variety of media types.

• Get print speeds up to 42 ppm and a fast first page out. Quickly process complex files.
• Secure all confidential and business-critical data. Ensure only authorized individuals have access by entering a private PIN at the 10-key pad.
• Extend capabilities with a memory slot and optional paper trays. Add HP or partner solutions via two internal accessory ports, an EIO slot, and a hardware integration pocket.
• Count on easy printer operation with features like walk-up USB printing.

HP performance and durability
Enjoy print speeds up to 42 pages per minute (ppm), letter and a first page out in as fast as 7.5 seconds. Instant-on Technology provides up to a 50 percent faster warm-up time from low-power mode, and up to 50 percent energy savings over competitive laser products. Quickly process and share large, complex files with a 540 MHz processor, up to 640 MB expandable memory, and gigabit networking. Help prevent unauthorized network admission with 802.1X, which provides device authentication prior to admission. All-in-one Original HP print cartridges with built-in intelligence deliver reliable, consistently outstanding results, page after page, cartridge after cartridge. Get more out of each cartridge with the optional high capacity toner cartridge.

Advanced security features
The printer includes a built-in hardware integration pocket (HIP) so you can connect and house your HP and partner security card swipe and authentication devices. Help secure data using IPsec with encryption accelerator assist, along with support for IPv4 and IPv6 protocols. Retrieve confidential print jobs by entering your PIN using the 10 number key pad.

Store data more securely by adding the optional HP High-Performance Secure EIO Hard Disk. Its advanced security features protect sensitive data at rest on your HP printer—all without impacting device performance.

Flexibility to expand
Extend your printer’s capabilities to meet your business needs with an open EIO slot and two internal accessory ports. Plus, add up to 512 MB memory. Improve productivity with a maximum input capacity of up to 1,600 sheets. Easily print on different types and sizes of media—including labels, envelopes, transparencies, and card stock—with adjustable paper trays. The printer supports letter and legal sizes from all trays. Choose the optional 500-sheet paper tray for added flexibility.

ECO HIGHLIGHTS

• Reduce energy use up to 50% with Instant-on Technology.
• Reduce paper use by up to 50% using automatic two-sided printing.
• Free, convenient cartridge recycling in over 47 countries

ENERGY STAR® Qualified Product
HP LaserJet P3015n Printer is not ENERGY STAR® compliant

 hp.com/ecosolutions
Please recycle your computing hardware and printing supplies. HP asset management and recycling services make responsible disposal easy.

1 Standard and optional features vary by model. Please see “Series at a glance” on page 2 for more information.
2 Based on third-party testing from Quality Logic, commissioned by HP. See full reports at qualitylogic.com/Contents/Library/Test-Reports/HP-Instant-On-Performance-Reports.aspx.
3 Results are based on internal HP testing using the ENERGY STAR® program’s Typical Electricity Consumption (TEC) method. Test data was extended to one year. Testing was on a single unit of each product. Individual product configuration will affect power consumption.
4 Not included, please purchase separately.
HP LaserJet Enterprise P3010 Printer Series

1. Intuitive control panel with four-line LCD display, 10-number key pad, and Show-Me-How menu
2. 250-sheet top output bin
3. One-door access to the easy-to-install print cartridge
4. 100-sheet multipurpose tray handles a variety of special papers
5. Two 500-sheet input trays for a 1,100-sheet total input capacity
6. Hardware integration pocket for connecting optional HP and partner solutions
7. Host USB 2.0 port for walk-up USB printing
8. HP Jetdirect 10/100/1000 Ethernet embedded print server
9. 128 MB memory expandable to 640 MB, and a 540 MHz processor
10. Two internal accessory ports for connecting HP or partner solutions
11. One open EIO slot
12. Hi-Speed USB 2.0 port for direct connection to printer
13. 100-sheet straight-through path supports special papers
14. Built-in automatic two-sided printing

*Compatible with most USB 2.0 certified, 128 MB to 2 GB NAND Flash Memory Devices.
After 25 years of continuous innovation and reliable, professional-quality printing, HP LaserJet remains the brand businesses count on.

Easy to use and manage
Use the printer’s front-panel host USB 2.0 port to get convenient, walk-up USB printing that supports common PDF, PRN, and PS file extensions. Reduce calls to IT with features like the four-line LCD control panel and the Show-Me-How menu. Easy-to-use, advanced, larger controls visually walk users through procedures, setup, and troubleshooting.

Increase your manageability even further—use the two internal accessory ports to add any of a full portfolio of innovative HP Certified Partner solutions that integrate easily into your existing infrastructure (for more information, visit hp.com/go/gsc).

Easily set up and manage your print fleet with industry-leading HP Web Jetadmin and the HP Universal Print Driver. These solutions allow you to install, configure, monitor, troubleshoot, and manage your printing devices from anywhere on the network.6

Enjoy hassle-free recycling—cartridges returned via HP Planet Partners are recycled responsibly. HP provides free postage for returning HP print cartridges, the ability to request pickup for used computer equipment, the flexibility to recycle many types of technology products, and more.7

Get the most out of your printer with HP accessories, supplies, and services.

500-sheet Input Tray/Feeder
Improve productivity by increasing total input capacity to up to 1,600 sheets. Print on a range of paper types in sizes from 4.1 by 5.8 in to B.5 by 14 in, while decreasing time spent loading paper.

HP Services
Because downtime can have serious business consequences, HP provides high-quality services that extend beyond the standard warranty and help you avoid unbudgeted repair costs. Benefits include reduced printing and infrastructure costs, maximized uptime, expert technical phone support, and predictable, consistent service delivery—even across multiple locations.

Recommended services:
• Installation Service with Network Setup: expert assembly of HP accessories, hardware verification, network configuration, and basic administrator familiarization
• Next Day Onsite Service: HP-employed service engineer or authorized support provider delivers service the next day after your call has been logged
• Next Day Exchange Service: The printer is replaced the day after it goes down with door-to-door pick-up and delivery

These services and additional coverage options can be purchased as:
• HP Care Pack Services: easy-to-buy, easy-to-use support packages
• HP Contractual Services: a comprehensive portfolio for maintaining maximum IT availability

HP also offers HP Managed Print Services: scalable assessment, procurement, implementation, management, maintenance, support, and workflow services.

1. Exact speed varies depending on the system configuration, software application, and document complexity.
2. HP recommends that the number of printed pages per month be within the stated range for optimum device performance, based on factors including supplies replacement intervals and device life over an extended warranty period.
3. Duty cycle is defined as the maximum number of pages per month of imaged output. This value provides a comparison of product robustness in relation to other HP LaserJet or HP Color LaserJet devices, and enables appropriate deployment of printers and MFPs to satisfy the demands of connected individuals or groups.
4. Average cartridge yield is based on 5% coverage per month and changes monthly. For more information, visit hp.com/go/learnaboutsupplies.
5. Values subject to change. Power numbers are the highest values measured using all standard voltages. For current information, see hp.com/go/learnaboutsupplies.
6. Average cartridge yield is based on 5% coverage per month and changes monthly. For more information, visit hp.com/go/learnaboutsupplies.
7. Average cartridge yield is based on 5% coverage per month and changes monthly. For more information, visit hp.com/go/learnaboutsupplies.
8. ENERGY STAR and the ENERGY STAR mark are registered U.S. marks. Microsoft, Windows, and Windows XP are registered trademarks of Microsoft Corporation. Windows Vista is either a registered trademark or trademark of Microsoft Corporation in the United States and/or other countries.
